

Validation KM (Dijk): k=11, alpha=0.00, ntop=300

## Number at risk

A dot plot showing the distribution of 100 observations across five time points (0, 30, 60, 90, 120) and two strata (Low and High). The 'Low' stratum has values 76, 28, 9, 4, 0. The 'High' stratum has values 14, 1, 0, 0, 0.

Strata	0	30	60	90	120
Low	76	28	9	4	0
High	14	1	0	0	0
