

# Validation KM (Dijk): k=3, alpha=0.60, ntop=ALL

Strata    + Low    - High

Number at risk

Strata	Low	High
0	78	12
30	28	1
60	9	0
90	4	0
120	0	0

Time

This table provides the number of individuals at risk for each stratum (Low and High) at specific time points (0, 30, 60, 90, 120). The Low stratum (blue) starts with 78 individuals and ends with 0. The High stratum (red) starts with 12 individuals and ends with 0.
