

A.

small molecule metabolic pr...

lipid metabolic process

digestion

regulation of hormone levels

digestive system process

alcohol metabolic process

organic hydroxy compound me...

hormone metabolic process

retinoid metabolic process

diterpenoid metabolic process

**B.**

transmembrane transport

protein localization to mem...

localization within membrane

protein localization to pla...

protein localization to cel...

positive regulation of tran...

potassium ion transport

protein stabilization

regulation of blood circula...

regulation of protein stabi...

**C.**

digestion

regulation of secretion

organic hydroxy compound tr...

lipid localization

hormone secretion

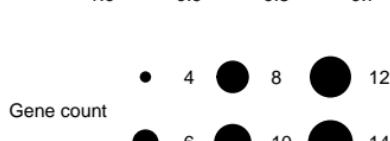

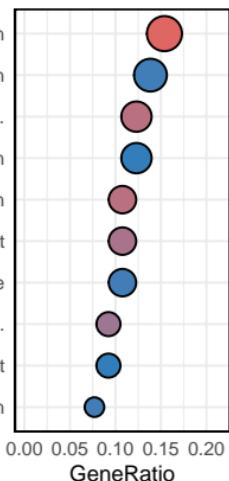

hormone transport

signal release

regulation of hormone secre...

amide transport

peptide hormone secretion

**D.**
